Subject: 2002 Poverty Income Guidelines
2002 70% & 100% Lower Living Standard Income Levels (LLSIL)

Purpose: To provide CEOs and Workforce Investment Boards with the annual update of income guidelines for use when determining economically disadvantaged/low income status for eligibility under the Workforce Investment Act and other programs.

Background: Section 101(25) of the Workforce Investment Act (WIA) defines “low-income” as, among other things, an individual whose family income is not in excess of the higher of either the poverty level or 70% of the Lower Living Standard Income Level (LLSIL).

Section 663.230 of WIA Final Regulations requires that local boards set the criteria for determining whether employment leads to self-sufficiency. 100% of the LLSIL, as a minimum, must be used in the WIA Title I self-sufficiency standard calculations.

The Department of Health and Human Services published the 2002 Poverty Income Guidelines on February 14, 2002. The Department of Labor published the Lower Living Standard Income Levels for 2002 on April 8, 2002.

Policy: The higher of either the 2002 Poverty Income Guidelines or 70% of the 2002 Lower Living Standard Income Level (LLSIL) shall be used for eligibility determination for WIA Title I and other programs using economically disadvantaged/low income status criteria. 100% of the LLSIL, as a minimum, must be used in the self-sufficiency standard calculations for WIA Title I.

In workforce investment areas covered by more than one set of LLSIL figures (where there is more than one type of metropolitan area), program operators will use the highest set of LLSIL guidelines for all cities and towns in the entire workforce investment area.

Action

Required: CEOs, WIBs and program operators shall implement the 2002 Poverty Income Guidelines and 2002 70% and 100% Lower Living Standard Income Levels in the determination of eligibility for WIA Title I and other programs using economically disadvantaged/low income status criteria. 100% of the LLSIL, as a minimum, must be used in the WIA Title I self-sufficiency standard calculations.

Effective: Program operators have the choice of using the guidelines retroactively to the effective dates of these charts and re-determining the eligibility of any WIA participants affected by these updates OR using the guidelines as of this issuance date in determining the eligibility of WIA Title I applicants.

Inquiries: Questions related to this policy should be directed to Gene White at (617) 727-8158, extension 1391.

Filing: Please file this in your notebook of previously issued WIA Communication Series Issuances as #02-24.
